

> BDR-AS

BDR-AS

Features

- BDR-AS is a Bandag Regional Drive Application tread.
- Staggered lug design to minimise tread squirm and deliver long even wear.
- Centre tie bars allow for more stability and better handling.
- Ideal for both regional and long haul road service
- Tapered lugs for bigger footprint and increased mileage as tyre wears.
- Light weight tread which is casing friendly.
- For radial tyres only.
